

## BLOWER / VACUUM SERVICE & REPAIR

### **Air & Gas Systems, Inc.**

Air and Gas Systems is a factory authorized distributor, representative and repair center, for the State of Texas, for the *Tuthill* Vacuum and Blower Division.

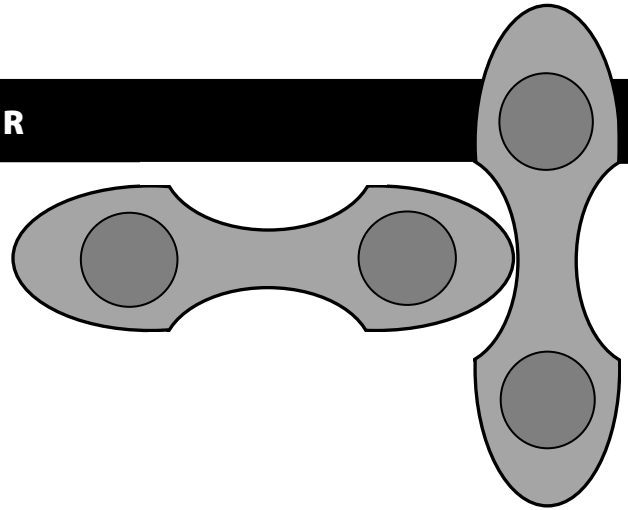

Apart from repair work, we also perform engineering, fabrication and installation of standard and custom blower, vacuum pump and compressor packages for a wide variety of industries and applications.

### **Repair Experience**

We have over 20 years of experience in the repair and maintenance of all brands of vacuum pumps, blowers, and centrifugal compressors. Our capabilities allow us to repair and remanufacture all of your equipment to original specifications.

### **Brand Repair Capabilities Include**

- Tuthill
- Roots
- Sutorbilt
- Gardner Denver
- DuroFlow
- Aerzen
- Lamson
- Robuschi
- Hoffman and others

***“Air & Gas is the fastest, most reliable blower repair shop we’ve ever worked with.”***

Scott Alexander, Wincorp Vapor Recovery

### **Providing the Right Service**

Air & Gas returns your equipment to peak efficiency and full service life with experienced, well-trained craftsmen working in strict accordance with factory repair guidelines.

### **Fast Repair Turnaround**

At Air & Gas we maintain a complete inventory of genuine Tuthill MD parts for fastest turn around. All competitor parts are also available for any repair need.

### **All Repairs are Tested**

All serviced blowers are mechanically tested to assure compliance to manufacturer’s specifications. Only Air & Gas provides the quality assurance of pressure testing each blower repaired or rebuilt.

### **Quality Parts & Best Repair Warranties in the Industry**

Air & Gas backs all maintenance and repair work performed at our facility or in the field with:

- One year mechanical warranty on new Tuthill parts
- One year warranty on repair work, workmanship, and labor.
- Competitive price guarantee

### **Convenient Service Location**

Air & Gas operates in a strategically located facility in Houston, TX. We are equipped to handle maintenance and repair service for almost every brand of small and large rotary blowers, gas pumps and vacuum pumps.

### **Air & Gas Field Services**

Air & Gas can meet your technical assistance needs with factory-trained, experienced, and authorized field service staff.

We provide:

- Full job-site troubleshooting services & capabilities
- Thorough on-site diagnosis prior to removal
- 24 hour delivery for most parts and repair kits
